SOLARA DIGITAL BANK // MODEL RISK INDEPENDENT ASSESSMENT (2LoD)

CONFIDENTIAL

Core Challenges

and upcoming changes.

Warning Signs & Blind Spots

- **Never Formally Validated:** Compass has been running in production for 9 months without an independent risk review.
- **Blind to Data Errors:** We only track if servers are online; we do not check if the numbers calculated are accurate, fresh, or consistent.
- **Unexplained Incidents:**
 - the same customer had conflicting data
 - decisions were made using outdated transaction history.
